In the final stage we expect to receive the document within the next week or so. Let us know if you want to be on a list for an electronic version to be sent to you.

- 4. Does the County have significant leases? **Mostly copier and auto leases and several building leases as lessee.** Are you looking for assistance with the implementation of GASB 87? **Maybe.**
- 5. How many auditors have been in the field as part of the audit? For how long? What is the typical timing for fieldwork? We believe we would need 3 staff for a week for both pre-audit fieldwork in the late spring or early summer and the same for the fall fieldwork.

- 6. Have your prior auditors proposed any adjusting journal entries? **Only audit presentation adjusting JEs.**
- 7. Is the County's accounting team fully staffed? Has there been a significant turnover in the last year? Yes, currently fully staffed. - 8. Is the County's current auditor precluded from bidding on the current RFP? No.
- 9. The proposal indicates the due date for issuing the financial statements is December 31, but it looks like the County has extended in each of the last five years. Is it the County's plan to extend in 2022? No, we would prefer to have our financial statements at December 31st.
- 10. Has there been any new significant federal funding received in the current fiscal year? **Not outside any COVID funding.**
